Student Learning Outcomes

University of North Carolina at Greensboro

Provost & Academic Affairs

Joint School of Nanoscience and Nanoengineering

Nanoscience (PhD)

- **SLO01: Understanding scope and basis of nanoscience research**
  Students completing their first year of study in the program will understand the interdisciplinary foundations of nanoscience research and know how to interpret nanoscience-based research literature.

- **SLO02: Written Communication Skills**
  Graduating students will demonstrate graduate-level writing skills.

- **SLO03: Speaking skills**
  Graduating students will demonstrate graduate-level speaking skills.

- **SLO04: Enhanced critical thinking / problem-solving skills**
  Graduating students will understand, interpret, and design research hypotheses, experiments, and analyses.
