Communication Sciences & Disorders

Speech Pathology & Audiology (BS)

SLO01: Clinical Observation Skills
Clinical observation of treatment or assessment sessions in speech-language pathology or audiology is an essential experience for pre-professionals.

SLO02: Clinical Assessment
Students will present a diagnostic assessment test in CSD 550 and identify a strength and a weakness of the test for a particular patient population.

SLO03: Audiology
Student will be able to read and describe the findings from an audiogram on the final exam in CSD 334.
