**I. Approval of Minutes from September 21, 2018**

Motion to Approve September 21, 2018 minutes (Lilly, White). Approved

**II. Report of the Chair – Glenn Hudak**

Chair advised formation of an ad hoc committee to review GSC mission will be pending the Faculty Senate proposal.

**III. Report of the Senate Representative – Ken White**

No Report

**IV. Report of the Vice Provost for Graduate Education – Kelly Burke**

- Update on Faculty Senate proposed revision of Graduate Studies Committee
- GSC Proposal for consideration

Dr. Burke provided an update on the Faculty Senate proposal. This does come up periodically. The Graduate Council proposal is posted in Box. Article IV in the Constitution will recognize the GSC is not a Senate Committee and will self-govern Graduate matters. This proposal will go out to Graduate Faculty for feedback and come back to GSC for a vote. Proposal includes a name change to Graduate Council and will create standing committees rather than sub-committees. We can change our by-laws independently of the Senate Constitution.

Discussion followed concerning revisions of proposal. Proposal Approved pending revision.

Comment that this proposal creates distinction between the Graduate Council and various departmental level Graduate Studies Committees.

This body will still submit an annual report to Senate.

Dr. Burke is working on the new Assistantship process, Banner consultant for the waiver and HR for the assistantship portion. The goal is to move away from paper.

Departments need to spend all funds allocated to units. This plan will allow departments to view funds, speed up the process. There will be maximum flexibility between waivers, stipends, hours, create various packages. Discussion concerning tuition waivers. Virginia Tech has a good model.

**V. Report of the Curriculum Subcommittee – Janet Lilly**

*CSC Information Items (from October 12, 2018 and October 24, 2018 meetings) submitted as attachment.*

Motion to Approve Report (Hudak, Hoffart) Approved

- Letter of Intent, M.S. in Sustainability – Full Committee Vote  
Motion to Approve Letter of Intent (Dyson, Bell) Approved

**VI. Report of the Policies & Procedures Subcommittee – Ben Dyson**

Ben reviewed Policy Sub-committee suggestions (posted in Box).

- Dissertation committees  
The suggestion is to reduce to three members to serve on each Ph.D. student's Dissertation Committee.
- Revisit university policy regarding retired faculty chairing graduate student committees.  
Suggestion to create a distinction between retired faculty and faculty on phased retirement. It also might be best to reconsider the issue for faculty who have completely retired and also remain active in research.  
Current policy states faculty on phased retirement cannot chair committees.  
Discussion concerning adjunct status, voting rights.
- Faculty are required to document that students are making adequate progress to degree to maintain assistantships and/or remain in Academic Good Standing.  
Proposal is to stop this practice and instead have faculty assign a grade of S or U for every semester a student is registered for capstones.

**VII. Report of the Student Affairs Subcommittee – Anthony Cuda**

An appeal rose to the Graduate School, it was remanded back to the unit.

**VIII. New Business/Other**
