IV. Discussion/Other

- General Education information request:
During fall 2022, a majority of the University Undergraduate Curriculum Committee (UCC) stated a need to understand how MAC courses contain departmental-specific content. This resulted in the UCC Committee requesting two additional SLOs for new MAC courses. Going forward, the UCC Committee will request the course syllabus for new MAC courses and will review the details listed in the course topics. We are asking that the proposer explain if the MAC course is a stand-alone course. IF the course sits on the MAC SLOs alone, please explain how that works. If it does not, make sure to provide the additional course appropriate SLOs.
- Requirement of syllabi for course proposals (Action item)
- UCC Chair for the 23-24 Academic year (Action item)
- Summer/off-cycle review and approvals (Action item)
